| <b>HISTORY</b><br>SMART Recovery is strengthening its digital presence and professional engagement. We're building a digital community with 24/7 access to recovery tools and peer support. Simultaneously, we aim to increase GP referrals through tailored resources and streamlined processes, ensuring that more people can easily access our evidence-supported programs. The objective is to amplify our impact and make the recovery journey more accessible and effective for everyone. |                                                                                                                                                                                                                                                                                                                                                        | <b>MISSION</b><br>Vision: Being the top mutual support choice. Mission: Empower individuals to tackle addiction and enhance wellbeing using evidence-based tools. | <b>TEAM</b><br>Team size and key members: Here's a succinct version: Co-founders Nicholas (social innovation expert) and Benjamin, joined by a digital strategist with successful track record and an award-winning UX designer.. My key role in the product: As strategic advisors, we guide the platform development, facilitate user testing, create engagement strategies and support GP referral planning.. |
| <b>USER</b><br>Our customers encompass addicts seeking recovery, their support systems, healthcare professionals such as GPs, and community organizations.                                                                                                                                                                                                                                                                                                                                      | <b>USER PROBLEMS</b><br>PitchBob's recommendation: SMART Recovery tackles the unavailability of accessible evidence-based addiction support, stigma in recovery and limited self-management tools. We aim to bridge healthcare referral gaps while providing sustainable, community-based recovery resources for all.                                  |                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | <b>SOLUTION</b><br>PitchBob's recommendation: We offer a digital platform offering round-the-clock peer support and recovery tools, coupled with improved GP involvement for easier access to recovery programs.                                                                                                                                       |                                                                                                                                                                   | <b>TECHNOLOGY</b>                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>MARKET</b><br>We estimate the market size \$35500.<br><br>Our goal is to take 2% of the market in the next 3 years.                                                                                                                                                                                                                                                                                                                                                                          | <b>COMPETITORS</b><br>PitchBob's recommendation: We have various competitors, from traditional 12-step programs like AA and NA to digital solutions such as recovery apps and online therapy platforms. However, our unique strength is uniting evidence-based tools, peer support, and a digital community rooted in real SMART Recovery experiences. |                                                                                                                                                                   | <b>RISKS</b><br>The main risks for our startup are potential data privacy issues due to the digital nature of our services, reliance on healthcare practitioners for referrals, and ensuring consistent peer participation for 24/7 support.                                                                                                                                                                     |
